MANAGER'S COMMENTS

The FBMKLCI Index up surged by 0.70% MoM to 1,453 in November, the second consecutive month gain. Among the sectors, Utilities, Health Care and Technology were the outperformers, while the Energy and Telecommunication & Media Index were the main laggards.

The S&P Global Malaysia Manufacturing PMI increased to 47.9 in November 2023 from October's eight-month low. The latest reading pointed to the 15th straight month of decline in factory activity, but the softest contraction since April. The Malaysian economy expanded 2.6% on quarter in the 3Q2023, accelerating from a 1.5% growth in 2Q2023. YoY, GDP expanded 3.3%, above market expectations thanks to increase in private consumption, government spending, construction activity and services, offsetting the slow down in net trade.

SECTOR ALLOCATION (as at 30 Nov 2023)

* As a percentage of NAV	%
1 Technology	25.32
2 Telecommunications & Media	11.65
3 Industrial Products & Services	9.84

DISCLAIMER: Based on the fund's portfolio returns as at 30 Nov 2023. The Volatility Factor (VF) for this fund is 20.75 and is classified as "Very High" (source: Lipper). "Very High" includes funds with VF that are above 14.875. The VF means there is a possibility for the fund in generating an upside return or downside return around this VF. The Volatility Class (VC) is assigned by Lipper based on quintile ranks of VF for qualified funds. VF is subject to monthly revision and VC will be revised every six months. The fund's portfolio may have changed since this date and there is no guarantee that the fund will continue to have the same VF or VC in the future. Presently, only funds launched in the market for at least 36 months will display the VF and its VC.

A copy of the InterPac Master Prospectus dated 12 June 2018 ("Prospectus") has been registered and the Product Highlights Sheet has been lodged with the Securities Commission Malaysia who takes no responsibility for the contents. The Prospectus is available at our office or authorized distributors or representatives. The Product Highlights Sheet is also available and investors have the right to request for it. The Prospectus and the Product Highlights Sheet should be read and understood before making any investment decision. Also consider the fees and charges involved before investing. All fees and expenses incurred by the Fund is subject to any applicable taxes and/or duties as may be imposed by the government or other authorities from time to time. The prices of units and distribution made, if any, may go down as well as up. Past performance of the Fund is no indication of its future performance. Units are issued upon receipt of a duly completed account opening form and transaction form referred to and accompanying a copy of the Prospectus. In the event that there is any discrepancy of information between the factsheet and the Prospectus, the information in the Prospectus shall prevail. Where unit trust loan financing is available, investors are advised to read and understand the contents of the unit trust loan financing risk disclosure statement before deciding to borrow to purchase units. Where a unit split/distribution is declared, investors are advised that following the issue of additional units/distribution, the NAV per unit will be reduced from pre-unit split NAV/cum-distribution NAV to post-unit split NAV/ex-distribution NAV. Where a unit split is declared, investors should be highlighted of the fact that the value of their investment in Malaysian Ringgit will remain unchanged after the distribution of the additional units. The Manager wishes to highlight the specific risks for the Fund are market risk, credit/default risk, interest rate risk, liquidity risk and specific stock risk. These risks and other general risks are elaborated in the Prospectus.
